

Access your COVID-19 vaccination record online

If you received your COVID-19 vaccination in Wisconsin, an electronic version of your vaccination record is available on the [Wisconsin Immunization Registry \(WIR\)](#). To access your record online, you will need your first and last name, date of birth, and either Social Security number, Medicaid ID number, or health care member ID number. If you do not have a social security or Medicaid ID number, learn how to access your record on the DHS [COVID-19: Know What to Expect webpage](#).

Follow the links below to access the WIR public immunization records portal.

- **English** - [Public Immunization Record Access](#)
- **Spanish** - [Acceso Publico del Registro de Inmunización](#)
- **Hmong** - [Tshawb Nrhjiv Txog Kev Txhaj Tshuaj Cov Ntaub Ntawv](#)

Follow the on-screen prompts and click the Search button. You will then be able to see, download, and print your vaccination record. If you do not see the record, or you receive an error message, call the provider or organization where you were vaccinated. They may be able to provide you with a member ID number to use in WIR.

If you received your vaccination in another state, go to that state department of health's website to search their vaccine registry.
